UNIVERSITY PREPARATION

MURDOCH UNIVERSITY EXTENDED FOUNDATION PROGRAM

The Foundation Program bridges the gap between the qualifications students gain at high school and those needed to enter a degree. While completing the Foundation Program, students will study units that prepare them for further studies in the University's degrees. The elective units studied within the Foundation Program will be dependent upon the subsequent degree into which graduates seek to progress: Arts, Media and Communication, Commerce, Information Technology, Engineering or Business Administration. Another stream in Health is also available, but not required at present.

Special Requirements:

All students must be a minimum of 17 years of age on enrolment in the Foundation Program.

Availability:

- Not currently available to new admissions
